AIR BEAM

AIR BEAM

The AirTrack Experts

The AirTrack Experts

Here at AirTrack Australia we have Gymnastics Australia qualified coaches who sell and use our products on a daily basis. The AirBeam is the perfect addition to any gym or home where athletes need to practice their balance and alignment just like they would on a floor beam. Thanks to the 2.7mm thick centre line all gymnasts can feel if they are "on or off" the AirBeam. All our AirBeams ship with a budget foot pump included in the price (Deluxe hand pump pictured)

Our AirBeam has a customizable pressure to allow the athlete to choose whether they want extra bounce (with improved recovery) or a tighter harder surface; This makes the AirBeam the perfect training aid and helps the athlete with their confidence and recovery while practising difficult skills in a much safer fashion than using a floor beam.

The AirTrack Australia AirBeam is the only AirBeam in Australia that is available in different size widths & lengths. Our Standard product is 40cm Wide but you can also opt for a 50cm (Extra Wide) Product.

Free Foot Pump Included!

Item	Price
Standard AirBeam 5m x 40cm x 10cm Blue/Pink	\$599
Custom Order	
AirBeam 3m x 40cm x 10cm Blue/Pink	\$449
AirBeam 3m x 50cm x 10cm Blue/Pink	\$549
AirBeam 5m x 50cm x 10cm Blue/Pink	\$699
Budget Foot Pump	Included Free

AirTrack Australia

AIRFLOOR 10cm

Meet our AirFloor 10cm.

The AirFloor is the perfect training aid for home gyms, young athletes or dance schools. Our AirFloor provides a softer impact surface and a small assisted rebound.

Our AirFloors are made from the highest quality of DWF Sports PVC and are a durable fast rebounding surface perfect for training skills on for a fast transition to a sprung floor or wooden floor surface.

Our 10cm AirFloors are customizable in length and width and although provide a cushioned rebound effect they do not give a massive amount of bounce compared to our 20cm and 30cm Products.

Our AirFloors are suitable for athletes up to the age of 10-12 and are the perfect training aid for developing athletes.

AIRTRACK 20cm

AIRTRACK 20cm

The AirTrack Experts

The AirTrack Experts

Our AirTrack 20cm is the perfect mid-range AirTrack. Our 20cm Products also feature our premium DWF Sports PVC and have a much higher bounce and rebound than the 10cm Products. (Red Version Shown Below)

Our 20cm AirTrack is the perfect training aid for Competitive gymnasts looking to perfect their skills while having fun and protecting their joints at the same time.

Our 20cm & 30cm AirTracks have proven to reduce joint fatigue and pain & allow much greater repetitions within a training session.

Our 20cm AirTracks are used all around Australia in clubs and trampoline centres and they are the ideal training aid for intermediate-advanced athletes.

AIRTRACK 30cm

AIRTRACK 30cm

The AirTrack Experts

The AirTrack Experts

Check out our Professional AirTrack 30cm!

Our AirTrack 30cm is the most popular AirTrack in Australia providing clubs from Beginner - Advanced access to the best training tool on the market.

Our 30cm AirTracks are used in Australia by Tumbling clubs and State Associations for Tumbling competitions and provide a safe, stable surface for athletes of all ages to train on giving a good rebound and high bounce when used with the correct techniques.

Our AirTrack 30cm also features the reduced stress on joints and muscles and has been proven to be an ideal choice for both progressions to a sprung floor or be used as a separate apparatus for displays or competitive tumbling.

Our AirTrack 30cm is able to be ordered with the "Tram Lines" required by the FIG apparatus norms for tumbling competitions and meets all requirements for Tumbling Competitions in Australia when a 25m AirTrack 30cm is Ordered.

AirBox Set

Our AirBox set is a fully customisable set of boxes that could be used for vaulting, FreeRunning, Parkour, Schools, Displays or just drills and skills.

Our AirBox sets all velcro together to create an endless combination of heights.

With the lightweight construction and the small packed up size our AirBox is the perfect companion for school programs or for setup/packdown venues.

AirWedge

Our AirWedge is perfect for Schools or Clubs who have minimal space in their storeroom.

Fully inflatable in under 3 minutes our AirWedge is perfect for learning new skills on, its soft enough to allow athletes to learn yet hard enough to provide stability underneath them. Our AirWedge is the perfect addition to our Training Sets or to our AirTracks.

The AirWedge is an excellent alternative to the bulky foam wedges and what's better is it folds up into a small bag for storage!
